BLEED AREA
The bleed area extends out 3mm from the edge of your finished artwork. All images or colours that are required to print to the edge of the document should be extended to avoid any sizing issues created during the print finishing process.

VIEWABLE AREA
This is the finished size of your document. Anything placed outside this area will be not be visible after placement within the frame of the a frame pavement sign.

FRAMING AREA
All content within this area is hidden within the frame of the pavement sign. All images or colours that are required to print to the edge of the viewable area should be extended to avoid the chance of any white lines to be visible during the print finishing process.
